admin@camelotnursinghome.co.uk

2. We aim to provide a top-quality service that meets the identified care, nursing and social needs of our service users, we do this in an environment that feels like home

3. We assist older people to live lives as they wish, we provide the support to enable them to make choices dependent on their own abilities and interest. We ensure that those who do not have capacity have all decisions based on their "best interest" and where possible we consider less restrictive and alternative ways in which to make any decisions on people's behalf

4. Personal care is tailored to the individual which is continuously being developed and re assessed and reviewed

5. We aim to ensure that our work force is fit for purpose and have the skill set, training and qualifications necessary to support the service uses who live in the home this we do by appropriate supervision, training, education and personal development of our staff

6. To ensure full compliance with the Essential Standards and offer excellent quality care

7. We manage care in a holistic way and monitor health and medical problems proactively, ensuring that we involve outside practitioners where appropriate

8. We ensure that Service users and their families are treated with Dignity and Respect at all times.

Services

Care Home with Nursing

- Older people who require personal and nursing care
- Dementia – people requiring assistance and personal care associated with any condition broadly within the scope of dementia

All the admissions to the home are planned in advance following a pre admission assessment in order to ascertain whether we can meet the needs of the individual and whether they will be appropriate for the residents already living at the home. We have visiting professionals including, CPN, dietician, physiotherapist, chiroprapist, optician and dentist. The GP visits upon request

FOOTNOTE

Our response to living with Covid.

We are very pleased to be able to say that, as the Spring booster Covid vaccination is being provided to residents in our home, the additional protection and our continued infection prevention and control measures means we can start 'living with Covid' and regain more normality in day-to-day care home life.

These positive changes will come into effect as soon as residents in each individual home have received their booster. This will be different for each home and our teams will be in touch with families as soon as things can open up.

The main changes include allowing family members and friends to visit without pre-booking, no requirement to complete a health screening form or to take a Lateral Flow Test if visiting homes in Scotland or England, and cafés and coffee shops will be reopened. Larger gatherings involving people **It is important to remember that if a home goes into outbreak or there is a suspected case of Covid, the team will need to reinstate infection control measures.**

The home management team will advise you should this occur.

We are also delighted to be able to reintroduce in-person show rounds for anyone considering a move to one of our homes in most cases.

admin@camelotnursinghome.co.uk

Whilst being vaccinated is longer mandatory, Care UK strongly believes that all health and social care colleagues have a professional responsibility

to reduce the risk of infection to others and we will continue to encourage our teams to have all their vaccinations.

We also strongly recommend that all residents and their visitors are fully vaccinated, including future boosters, unless medically exempt.

We look forward to being able to welcome more of you to our homes and we thank you for your patience, understanding and support over the past two years.

These positive changes will come into effect as residents in our home have received their booster.

The main changes include allowing family members and friends to visit without pre-booking, no requirement to complete a health screening form or to take a Lateral Flow Test if visiting homes in Scotland or England, and cafés and coffee shops will be reopened. Larger gatherings involving people from the local community will be permitted outdoors.

It is important to remember that if a home goes into outbreak or there is a suspected case of Covid, the team will need to reinstate infection control measures.

The home management will advise you should this occur.

We are also delighted to be able to reintroduce in-person show rounds for anyone considering a move to one of our homes in most cases.
